Under 190 the downward movement became rapid. When the price got to \$163 supporting orders appeared and there was a rally which had carried the price back to \$183 by 11 o'clock.

Then it began to slide down in earnest. It got to \$162 shortly after 1 o'clock. All support was withdrawn in the final dealings, and at one time the best bid on the floor was reported to be \$50. Shortly before the close a solitary sale of 100 shares was made at \$120. This was the final sale of the day. The total sales were only 17,500

The smash in International Power started selling of American Locomotive, of whose shares the International Power Company is understood to be a large holder. Locomotive common, which had opened at \$36, broke to \$31, but railied later to \$34, or 134 motive common, which had opened at \$36, broke to \$31, but rallied later to \$34, or 1½ points under Tuesday's closing price. Locomotive preferred broke from \$98.75 to \$93, closing at \$95, or 3½ points under Tuesday. In the Broad street curb market there was a sympathetic tumble in the shares of the General Carriage Company, the control of which, it was announced a few days ago, had been bought by Joseph H. The department of publicity has industriously circulated glad tidings about this company, and the traders on the curb have coppered them and have been going short of the stock. This has been taken advantage of by those interests who were conducting the manipulation and they have "squeezed" the traders good and hard. Yesterday, however, it was the traders' turn to get even. Unfortunately for one small curb firm of brokers the smash didn't come in time to help them out. This firm sold 190 shares of fortunately for one small curb firm of brokers the smash didn't come in time to help them cut. number of reports circulated in Wall Street as to just what circumstances had precipitated the collapse in the International Power manipulation. Cyrus Field Judson, President of the General Carriage Company, was credited with having been concerned the manipulation, and there was a circumstantial report that Mr. Judson's brokers and asked him to take up for cash 3,000 shares of International Power stock, that he had not taken up this stock and that in conse-quence the brokers had thrown the stock on the market.

According to this report the supporting buying orders which had been placed by the inside pool had been filled by the sale of the Judson stock. On the subsequent smash some fresh support was put out, but on the second break in the price all support by the pool was withdrawn. The support by the pool was withdrawn. support by the pool was windrawn. The second break was due partly to fresh raiding by the traders, who suspected fundamental weakness in the support in view of the morning's smash and partly to the arrival in the market of selling orders from out of

At the office of Cyrus Field Judson, 135 Broadway, a young man of sanguine complexion and nervous temperament made a statement in the absence of Mr. Judson. He said that he was H. A. He denied the truth of the report that the latter's brokers had called upon him to take up 3,000 shares of International Power and in default thereof had thrown the stock on the market.

The battleship Illinois, flying the flag of Rear Admiral A. S. Crowninshield, sailed from the navy yard in Brooklyn for Europe yesterday afternoon. Rear Admiral Crowninshield has been appointed to the command of the European squadron.

At 10 o'clock yesterday morning he took ommand of the Illinois as his flagship. While the marines were drawn up at "attention" and the sailors were lined up on the sides of the vessel with the officers in full dress uniform, Rear Admiral Crowninshield read his commission and then saluted the officers with whom he is to travel to his new station. His flag was then rur up and a Rear Admiral's salute was fired

from the Illinois. This was responded to by a salute from the Cob Dock. Subsequently Rear Admiral Barker, com-manding the navy yard, paid an official visit to Rear Admiral Crowninshield. KNOX DECLINES TO MEET THEM

SHARP LETTER TO REPUBLICAN CLUB'S BEEF COMMITTEE.

The Attorney-General Refuses to Allow the Republican Club's Committee to and Representatives of the Beef Trust.

WASHINGTON, April 30 .- Precisely what interest the Republican Club of the city of New York has to serve in connection with the Government's prosecution of the socalled Beef Trust is not clear to the Department of Justice. Two or three days ago a committee of the club asked for a conference with Attorney-General Knox. The request was granted in conservative terms. Having made this much headway in their effort to settle the Beef Trust question for the Government, the committee announced in a letter that they would be on hand at the Attorney General's office on Thursday and that they would bring with them the Presidents of the great meat companies. Now, Mr. Knox had expressly told the committee by letter that he could not treat with the "Beef Barons." Mr. Knox did not say "Beef Barons," but that is the term used by Mr. Alfred L. M. Bullowa of the Republican Club's committee in his letter to Mr. Knox. So the Attorney-General sent this telegram to the accommittee with the purpose (especially in the first sentence) of leaving no room for doubt regarding his meaning.

no room for doubt regarding his meaning.

Answering you letter of April 29, your action requesting representatives of packing companies to meet me is unwarranted by my letter of April 28, and was without my knowledge or any intimation to me that you proposed doing so until receipt of your letter of the 28th, to which I replied by telegraph to the effect that I knew no interest of Government to be subserved by such a conference. Under the circumstances, therefore, I must decline to be present. I regret that you have assumed to arrange conferences which misrepresent the Government's position.

P. C. KNOX, Attorney-General.

Attorney-General Knoy's first intimation.

Attorney-General Knox's first intimation of the Republican Club's interest in the Beef Trust proceedings was contained in a letter received on the 28th from the committee. The letter clearly indicated that mittee. The letter clearly indicated that the committee felt competent to settle the beef business, but were willing to allow the Attorney-General to be a party to the proceedings. The writer of the letter asked Attorney-General to be a party to the proceedings. The writer of the letter asked Mr. Knox when he could meet them in New York or when he could meet them in his own office, adding that the whole business could be settled by bringing the "Beef Barons" along with them. Mr. Knox replied that he saw no interest to be subserved by meeting the representatives of the meat combination (which was his mild way of stating it), but that if the committee of the Republican Club had anything to tell the Government they might communicate with

stating it), but that if the committee of the Republican Chib had anything to tell the Government they might communicate with United States Attorney Bothea of Chicago, who has charge of the Government's prosecution. Later he wrote that he would receive the committee here.

Upon receiving a letter from the committee, evidently written before his last letter was received, Mr. Knox consented to meet them. The consent was conveyed in the following telegram:

"As I wrote you yesterday, I will meet your committee at 3 o'clock on Thursday afternoon if you have anything to communicate of value to the Government along the lines it has adopted.

This morning the Attorney-General received still another letter from the committee, announcing that they would appear, accompanied by the following representatives of the meat companies: C. F. Swift, J. Ogden Armour, J. Lyman of Hammond & Co., Edward Morris, Michael Cudahy and Frederick Sulzberger.

It was in reply to this letter that Attorney-General Knox sent the telegram expressing regret that the committee "assumed to arrange conferences which misrepresented the Government's position." Under the circumstances Mr. Knox does not expect to meet the meat packers to-morrow.

ANTI-BEEF TRUST WITNESSES. Testimony Regarding a Blacklist by Packers -Sales Falling Off.

CRICAGO, April 30.-District Attorney S. H. Bethea to-day heard the stories of two men who will be valuable witnesses for the Government in its efforts to prove the existence of the Beef Trust. One of them, Fred Silberhorn, told of the effectual nature of the packers' blacklist. The other, Henry Nickerson, declared that the firms of Armour & Co., Swift & Co., Cudahy & Co. and Nelson Morris & Co. were in a leaf lard combine.

Mr. Nickerson's statement showed the Mr. Nickerson's statement showed the case with which the united firms cut off an entire group of business men. The combination, according to Mr. Nickerson, who was for many years a lard broker, agreed four years ago to do away with brokers in lard and in a few months they had destroyed that prosperous business.

Fred Silberhorn was for fourteen years superintendent of the W. H. Silberhorn Packing Company, one of the smaller concerns at the yards. DR. ULLMAN'S ISLAND SEIZED. Canadian Contractors Drive Off Other Workmen and Hold Island.

OGDENSBURG, N. Y., April 30.-The Rev. Dr. Ullman, rector of Trinity School, New York city, last fall purchased Float Island, one of the Thousand Islands, to erect on a summer school. He now finds the island seized by Canadian contractors, who are holding it with an armed guard. The contract for the erection of the proposed e school was given to builders in Gananoque, Ontario, and work was immediately begun. For various reasons the Gananoque workmen ceased operations and the contract was then given to Brockville builders, who brought a force of men to the island and resumed operations where the Gananoque men had left off. Upon hearing of this act the Gananoque builders returned to the island with a lot of workmen and began demolishing the work done by the Brockville men. The latter were driven from the island and were not allowed to return, an armed guard being placed about the shores. The island seized by Canadian contractors, ruard being placed about the shor question as to who has the right to finish the work has been carried to the courts and an injunction ad interim has been granted, returnable May 6.

AMBASSADOR MEYER SEES THE FOREIGN MINISTER.

Belief That the Government Will Gran cus, N. J., Sunday night, revealed the fact the Request-The Chicago's Men Are that aneurism of the heart was reponsible Still in Jail-Capt. Dayton Makes a Brief Report to Secretary Long.

Special Cable Despatches to THE SUN.

ROME, April 30.-The American Ambassador had a cordial coversation to-day with the Minister of Foreign Affairs re garding the imprisoned officers of the United States cruiser Chicago. The Ambassador asked as a courtesy that the prisoners be handed over over to the commander of the Chicago for punishment.

The general belief is that the Govern ment is inclined to favor the request. The press generally hopes that the inciden will be closed amicably. Meanwhile the prisoners have appealed to the Court of Appeal.

The Triruna says it does not believe that the Washington Government will take steps against the condemnation of the Chicago's officers, it being perfectly legal and correct. The proof of this is that today Mr. Meyer, the American Ambassador conferred most amicably with the Minister of Foreign Affairs. He took no exception to the action of the Venetian authorities. but merely asked that the prisoners be transferred to Capt. Dayton to undergo their sentences.

The paper adds: "We hope the painful incident will not disturb our good relations

with the United States." The Giornale D'Italia takes the affair in a lighter manner, saying that nobody here has given the fact any importance It was due to too many good glasses of wine. Italy was quite within her right in condemning the Americans and the idea of any resentment over the Hispano American war is too absurd.

VENICE, April 30.-The officers and marines of the United States cruiser Chicago who participated in last Saturday's street fight are still in prison, and unless clemency is exercised will have to remain there until their sentences expire, as an application for their discharge has been rejected. The Italian law does not permit of pardon for assaults on police officers, but it is regarded as probable that the King will intervene and release the Americans on June 1, the date of the Constitution fates.

WASHINGTON, April 30 .- The Secretary of the Navy to-day received the first official report in regard to the arrest of officers and men of the cruiser Chicago at Venice Capt. Dayton, commanding the vessel says that an appeal for clemency has been made to Rome. His despatch, which is dated Venice, April 30, follows:

"Doddridge, Wynne, Ledbetter, and one marine on leave arrested. Principal charge resisting police. Serious under Italian law. Sentence, Wynne four months and ten days; remainder three months each. Have not yet their full statement or a report from court, but applied for. Reisting arrest largely due to pressing in of crowd and not understanding language.

Appeal made to Rome. Impossible to explain all circumstances by cable. Will make full report."

At a conference held this afternoon between Secretary Hay and Secretary Long, it was arranged that no diplomatic steps to secure clemency for the officers should be taken by Mr. Hay until the Navy Department had prepared a statement of the case, with an explanation of the customs of nations in dealing offences committed in their territory by naval officers of other nations. When this statement has been received by Mr. Hav. he will determine what is to be done. In the meantime the officers remain in prison.

KUNTZE'S SHOTS DIDN'TKILL HIM Town Marshal Engelbrecht Died of Fright

Only Slightly Hurt by Bullet post-mortem examination of the body of Town Marshal Charles Engelbrecht, who was supposed to have died as a result of being shot by Gustave Kuntze in Secau-

for his death. County Physician Charles Converse said resterday that he found but one pistol wound on the body. That was in the thigh and could not have proved fatal. Another mark on the body, supposed to have been made by a bullet, was found to be a simple abrasion caused, probably, by the victim's head striking a stone when he fell after receiving the first shot. Town officials Secaucus have subscribed \$500 as a re-

ward for the capture of Kuntze.

Negotiations Begun and Said to Be Closed Successfully-Price, \$3,000,000. A rumor was circulated yesterday that

the Plaza Hotel, opposite the Fifth avenue entrance to Central Park, has been sold for \$3,000,000. The property is owned by the New York Life Insurance Company. One of the officers of the company, who declined to allow his name to be used, admitted last night that negotiations have been begun for the sale of the hotel, but refused to give any further particulars concerning the pending deal. The broker whom rumor connected with the negotiations was equally reticent.

The hotel is an eight-story structure covering the block front on the west side of Fifth avenue, between Fifty-eighth and Fifty-ninth streets. At the opposite Fiftyninth street corners are the Netherland

and Savoy hotels. The Plaza was started by Phyfe & Campbell in 1881, with a building loan from the New York Life. The builders failed, and the insurance company bought in the unfinished building at foreclosure in 1888. The company completed the structure, and in the following year leased it to F. A. Hammend, who has since remained the proprie

tor of the hotel. The completed building is understood to have cost the company \$2,700,000.

YOUNG HUNTER'S ESCAPADE. American From Guatemala Tells Why

the Minister's Son Disappeared. NEW ORLEANS, April 30 .- Thomas Seward, tho represents the United States Loan and Deposit Company in Central America, arrived from Guatemala to-day and told of the incident regarding young Hunter, Minister Hunter's son, and his reason for leaving the country. Young Hunter is about 28 years old, with means and nothing to do. Naturally he managed to get himself into trouble. One evening Mr. and Mrs. Hunter were seated in the park listening to the music with Mrs. Richard Barthel wifeof one of the partners of Snyder, Barthel & Co., constructors of the Guatemala road to Barrios. Mrs. Barthel was a guest of Minister and Mrs. Hunter at the time.

Young Hunter came up and made state ments with reference to Mr. Barthel's private life which caused Mrs. Barthel to faint. The next day Mr. Barthel was around looking for young Hunter with a gun. Hunter was shipped off into the country and was gone a week or two. When he came back to Guatemala City he travelled at once to the coast and boarded a steamer for the United States about April 1.

HARVARD DORMITORIES SOLD. Four Purchased by the Claverly Trust and Philippines; that is all." Leased to One Man.

Boston, April 30.-Four of the largest dormitories for students at Cambridge Claverly, Apley, Westmorly and Craigie were conveyed to-day to Francis Peabody Jr., Samuel D. Parker and Robert W. Emmons, Second Trustee of Claverly Trust under a declaration of trust. This con-solidation brings together four of the most popular dormitories. It is understood that only \$150,000 of the stock was offered to the public, and that this was at one subscribed for at a premium. The dec laration of trust discloses that the pian is to have twenty-five directors in addition to the three trustees, and that the four projecties, with the land belonging theret were put into the trust at the conservative figure of \$840,000. A lease of all these properties for the term of ten years from to-day has been taken by Charles D. Wetmore of New York

FACULTY MUST BE GOOD. 400 Students of Clemson College Agree Not to Go Home.

COLUMBIA, S. C., April 30. The faculty of Clemson College learned last night that the junior and freshman classes, 400 strong had determined to quit in a body unless tees and reinstated the seventy sopho mores who left yesterday, including Cadet mores who left yesterday, including Cadet Thornwell, who was suspended.

Col. Simpson, chairman of the trustees, was on hand and the faculty got him to speak to the students this morning and endeavor to calm them. He succeeded in getting them to recain until the trustees can meet and take action. The students complain of long-standing unfairness practiced by certain members of the faculty. HER RIBS BROKEN IN ASYLUM

PRICE TWO CENTS.

CERTIFICATE OF DEATH OF PNEUMONIA REVOKED.

Supt. Dent of Manhattan State Hospital Notifies the Coroner's Office to Investigate the Case of Theresa McMahon -Disease Consequent on Her Hurts.

Theresa McMahon, a saleswoman who lived at 527 East Twelfth street, died in the Manhattan State Hospital for the Insane on Ward's Island on Monday. A death certificate giving as the cause of death acute lobar pneumonia was sent to the Board of Health by one of the physicians. It was revoked by Dr. Emmet C. Dent, superintendent of the Women's Branch of the hospital, who notified the Coroner's office later to make an investigation.

The body was taken to the Morgue yesterday afternoon, where an autopsy was performed by Coroner's Physician Weston. It showed that the woman had a fracture of the breast bone and fractured ribs and was severely bruised about the body. Dr. Weston said last night that there were no traces of pneumonia, but that there were evidences of pleurisy, probably a fresult of the injuries. It was said that the Coroner had begun his investigation because the Health Board had informed him of something odd about the death certificate

Dr. Dent said last night that he had revoked the original certificate himself. He had examined the woman the day before she died. He knew that she had some of the injuries which Dr. Weston discovered in his autopsy and also that she was suffering from congestion of the lungs, which he thought might have been a result of her

"I am conducting an investigation at the hospital," he said last night, "and it has not been completed. When or how the woman received her injuries I have not, as yet, been able to ascertain. I think that they were self-inflicted.

"She suffered from melancholia and at times was frantic and in a frenzy. She was always in charge of an attendant and o physician. When I examined her the day before her death her chest was in a plaster cast. When I learned that the physician in charge of the ward she was in had put the cause of death as pneumonia I ordered the certificate revoked."

COL. HIGGINSON'S NAME OUT. Committee of Seven on Philippines Cruel-

ties Must Do Without Him. BOSTON, April 30 .- Col. Henry L. Higginson said this afternoon that the use of his name in connection with the new organization that is to bring out the alleged facts of the conduct of the army in the Philippines before the Senate investigation committee is unauthorized and that he had written to Carl Schurz instructing him to cross his name from the records of the or-

ganization.

"I know nothing about the meeting," said Col. Higginson, "and refuse to have anything to do with it. Such an organization is uncalled for and ill-advised. What need is there for it?"

Charles Francis Adams, who is at the head of the Committee of Seven of the new organization, said:

ganization, said: ganization, said:

"It is a mistake to call the new movement anti-imperialistic. Nobody would think of calling President Schurman of Cornell an anti-imperialist, and yet he is a member of our Conmittee of Seven appointed to bring out the facts regarding the conduct of our army in the Philippines.

"It is in no way connected with the Anti-Imperialistic League. We simply want to bring out the truth regarding the atro-

3 DROWNED IN BARGE WRECK.

Capt. Mitchell's Boy Drowned Just as Rescue Came-Wife and Daughter Saved. The tug Volunteer arrived here yesterday from Bridgeport with news of the loss of two unrigged coal barges off Penfield Reef, in the Sound, early yesterday morning in a heavy southeast gale. The barges were the Henry Hughes and the Baxter, which the Volunteer took in tow at Jersey City on Tuesday morning bound for Bridgeport. Aboard the Hughes, the leading barge, were Capt. Joseph Mitchell, his wife, his ten-year-old son and his little girl. Capt. William Simons and his wife were in the Baxter. The hawser between the Hughes and the Volunteer parted in the tumult. The Baxter was seen to founder from the pilot house of the Volunteer. Capt. Simons and his wife are believed to have been drowned. The Hughes remained affoat many hours. Capt. Milliken of the Volunteer steamed alongside her while the seas were breaking over her and took off Capt. Mitchell, his wife and daughter.

The mother held the little girl in her arms as the taen of the Volunteer helped her from the large to the tug. The father had the boy, but was separated from him by a lurch of the barge, and the boy fell overboard and was drowned. the Volunteer took in tow at Jersey City on
